THE PURE WHITE SMILE

Beautiful, healthy, and natural looking white result

Effective even on tetracycline-stained (dark) teeth

Low to no sensitivity

Comfortable, easy process

Permanent results – white teeth for your lifetime!

Entirely safe for teeth and gums

Perfect for ages 14 - 90

Developed by internationally renowned cosmetic dentist and bleaching expert Dr. Rod Kurthy, the KÖR Whitening Deep Bleaching™ System is used by thousands of dentists worldwide. It is considered to be the most reliable and effective bleaching system ever developed.

The Pure White Smile delivers “WOW” results.

Love Your Smile.

Kör Whitening was ranked highest as the most effective, reliable way to whiten your teeth permanently, by a respected dental products journal.

Why does Kör Whitening work so well?

It works by restoring your teeth's ability to absorb oxygen. The oxygen from its whitening gel is absorbed deeply into the tooth, dissolving stain molecules.

How long does Kör Whitening last?

Unlike other whitening methods, with easy periodic home maintenance, the Kör Whitening Deep Bleaching™ System is entirely permanent.

Is there pain or discomfort?

The Kör Whitening System introduced a whitening gel that, in most cases, produces low to no sensitivity. As a result, most patients have no discomfort from whitening when using this technique. We provide a desensitizing liquid for additional comfort.

How white will my teeth get?

The Kör System whitens teeth dramatically, often lightening them 16 shades or more. Your teeth will have stunning results.

WHITENING OPTIONS

Deep Bleaching \$1295

The most effective bleaching system offered. You will receive custom bleaching trays and begin at home 14 days prior to your appointment. Then, the hygienist will bleach your teeth during a 2 hour session.

Laser Bleaching \$595

A great option for sensitive teeth. Begin using custom bleaching trays at home 3 days prior to your appointment. Then, the hygienist uses a laser light and bleaching product to produce a result sure to impress.

Home Bleaching \$395

Use custom bleaching trays along with our bleaching product each night that result in dramatically whiter teeth. A great affordable option for those who prefer to bleach on their own schedule.

Call us at 631.929.5855 to learn how you can have the whitest smile possible.
